What School District are you running for Board Member? Fox-C6

How long have you lived in the school district? Since 2013

Do you have or have had children attend a school in the District? Yes, one currently enrolled at Seckman Middle School.

What is your opinion on the mask mandate and why? I disagree with it. It should be a choice and left up to the individual if they want to wear one or not.

If you oppose the mask mandate, what is your plan? Is there really a plan at this point? I think they have tried everything so far and none of it has really worked.

What is your opinion on the mandatory mask requirement and why? I disagree with any mandate. No one should be forced to comply with any mandates deemed Unconstitutional unless passed into law.

If you oppose mandatory mask requirement, what is your plan? As I stated in my earlier answer above, there really isn't any plan at point as we have been trying different things now for better of two years with no success.

What is your opinion on mandatory school shutdown and quarantine of children and why? I totally oppose School shutdowns and this is one of the reasons I chose to run for School Board. I think the quarantining of children was and still is a bad idea. First it's been proven this virus has little to no impact on children getting sick. Second, isolating children has proven to be worse than the virus itself. Suicide rates have gone up almost 51% in school aged girls 12-17 and 4% in boys (per CDC). Kids must be in school.

If you oppose mandatory school shutdown and quarantine of children, what is your plan? Keep them in school, we must it's for their own well-being.

What is your view on CRT and why? I disagree with CRT and do not think it should be taught in K-12 Schools

If you oppose CRT, what is your plan to keep it out of the schools? As a Board member I will do my best to oppose and vote against any Curriculum that is centered around CRT. It just doesn't have any place in K-12 Schools as kids really don't understand it at that level.

What is your opinion on students who have fallen behind and how would you address this problem? It's a real problem nationwide and can't happen again. It has caused more detrimental harm to our kids than anyone has realized yet. I think I would recommend the Summer School Program for most of these kids if they choose to take advantage of it. Fox does have a good Summer School Program and Teachers that teach really want to help.

What is your opinion on how the District is spending the money it receives and why? I think the last couple years they have started to improve after the years of bad press because they have a spotlight on them now due to issues they have had with past Superintendents. I think their starting to realize more people are starting to pay attention.

What do you think makes you qualified for this position? Being a Parent, we don't have enough Parents on the Board making good sound decisions that affect their children. I'm able to make tough decisions when they need to be made and can work with almost anyone in order to do that to get the job done by putting my differences aside.

What if any vision or direction do you see that needs to be made in the School District? We need more Parents on the School Board. The last two years of Covid have exposed some real issues that need to be addressed not only in Fox but almost every School District across the nation.

Are there any closing remarks you would like to make? If it's not me you elect, it must be someone who cares about the mental health and well-being of our children. Are Children are our future and we must protect them and the freedoms we cherish as Americans.

Thank you!
