What School District are you running for Board Member?

Fox C-6

How long have you lived in the school district?

8+ Years. I attended and graduated Windsor, so I have always lived in the area

Do you have or have had children attend a school in the District?

Yes

What is your opinion on the mask mandate and why?

Mask mandates are unconstitutional and violates our God given right to choose

If you oppose the mask mandate, what is your plan?

I will fight any opposition with not only data, but reinforce the understanding that we are representatives of the community. I will vote against any mask mandate that is presented to the Board.

What is your opinion on the mandatory mask requirement and why?

My opinion is the same as mask mandates. They are unconstitutional and violates our God given right to choose

I will fight any opposition with not only data, but reinforce the understanding that we are representatives of the community. I will vote against any mask mandate that is presented to the Board.

What is your opinion on mandatory school shutdown and quarantine of children and why?

Kids need to be in school. The interaction with other students and teachers is imperative. School shutdowns and quarantines negatively effect a student's education and mental health.

I will fight any opposition with not only data, but reinforce the understanding that we are representatives of the community. I will vote against any school shutdown or quarantine that is presented to the Board.

What is your view on CRT and why?

CRT and DEI should not be in our schools. Those subjects have damaging effects on a child and is disempowering. Teaching should not focus on the color of people's skin, but rather the content of their character

If you oppose CRT, what is your plan to keep it out of the schools?

I believe there needs to be an audit of the teachings and curriculum, possibly from a 3rd party. Teachers should be required to post all lessons and curriculum on a public website for the community to review

What is your opinion on students who have fallen behind and how would you address this problem?

In my opinion, most of students in the district are behind. The focus has to be on traditional, core subjects and electives. We have to get back to basics and build a foundation to set up students for success after High School

What is your opinion on how the District is spending the money it receives and why?

The district's funds are not being utilized properly. There needs to be random audits of the financial statement each month and/or quarter. There is too much frivolous spending and rubber stamping.

What do you think makes you qualified for this position?

I am a very passionate person that does not back down. I will represent the community and fight for what the community wants. I have a 5 year old in Kindergarten, a 1 year old, and a Sister at Seckman High. I Board member should have some skin in the game. I want what's best for not only my kids, but all kids in the community.

In addition, I want to be a voice for the Teachers and staff. They are the backbone of a school district. Teachers and staff need to have a safe environment to express concerns with out fear of judgement and retaliation.

What if any vision or direction do you see that needs to be made in the School District?

My top 3 concerns or changes that need to me made are Education, Community/District Staff Support & Communication, and Fiscal Responsibility.

Are there any closing remarks you would like to make?

Let's Go Brandon!

Thank you!
